## About Us

As SAG Technology Company (SAG), founded by Sahar Abdulaziz Al-Ghalayini, we have established a leading position in the development of innovative platforms and applications in the Kingdom of Saudi Arabia. Our distinctiveness lies in our wide-ranging expertise, innovative approach, and the use of cutting-edge technologies in the software products we deliver to our clients

## Our mission

Bringing innovative digital ideas to life by applying the latest technologies and methods in software development.

## Our vision

Our vision is to become a key player in the digital transformation of the Kingdom of Saudi Arabia. We aim to offer innovative and sustainable technological solutions that contribute to the growth of businesses and the community

# Our value

## Modern technologies

We utilize the latest technologies and tools to ensure efficiency and innovation in every project we undertake.

## Customer satisfaction

"At our company, customer satisfaction comes first. We work diligently to understand our customers' needs and provide tangible value to their businesses."

## Quality

We establish rigorous standards for our performance to guarantee reliability and efficiency.

## Innovation

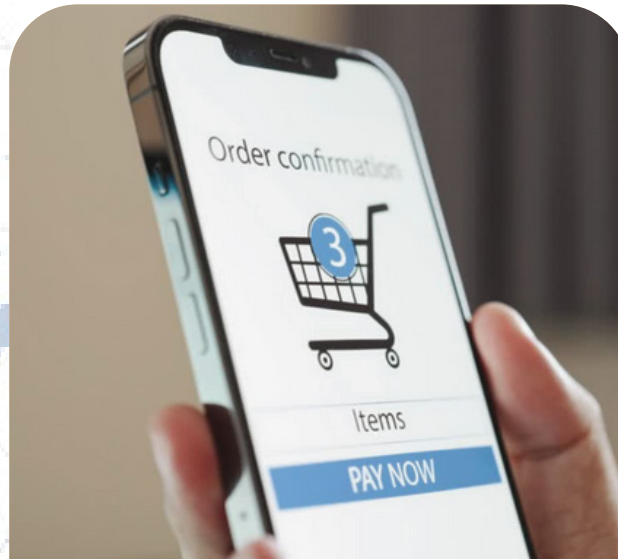

"Innovation is ingrained in our identity, as we continually seek to harness new and creative ideas."

# Our services

## Department of Technical Product Development

We are happy to be your technical partner as we work to meet your unique needs with the latest technologies. Whether you need an MVP to test a new idea or a refined final product, we offer tailored product development and operation services to meet your specific requirements.

## - Department of White Label Technical Product Development

Providing ready-made products under the customer's name and identity, such as delivery applications. Our goal is to support entrepreneurs and merchants in launching their businesses in the market quickly with a high-quality guarantee for the products provided.

## Department for establishing technical services for startups and digital transformation services

Creating the necessary technical infrastructure for the success of your business, and providing you with a set of integrated services, including reliable and secure website hosting and maintenance. We also design and develop professional websites to enhance your business identity.

# Our Technologies

## App Development

We provide smart application development services across various platforms such as iOS, Android, and others, with the aim of providing outstanding experiences to users. Our team designs and develops innovative applications that meet customer needs and enhance their interaction with the digital world.

## Web Development

We offer innovative web development services for companies and individuals, aiming to deliver unique and effective user experiences. Our services include the design and development of dynamic websites tailored to meet our clients' needs.

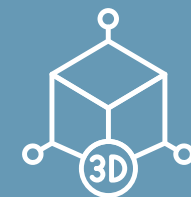

## Cybersecurity

At SAG, we are dedicated to delivering powerful and innovative cybersecurity solutions. Our expert team ensures the protection and security of your systems and data against cyber threats. We offer comprehensive cybersecurity consulting and implementation services to safeguard your technology resources.

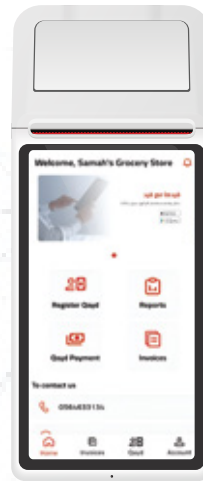

## 3D Printing

SAG provides advanced 3D printing services, where we can turn ideas into reality. Our application of 3D printing helps create accurate models and innovative designs in fields such as manufacturing, medicine, and engineering.

## Our clients

# Customer reviews

"My experience with Eng. Sahar Al-Ghalayini was wonderful. She worked on the logo, visual identity, and website for the company, and it was very professional, beyond imagination and expectation. You did an excellent job. Thank you and thanks to all involved. I wish you success, we shall work on more projects, God willing."

**Mr. Marwan Heen**  
CEO- Al Banyan Elements

"Excellent service, and focus on detail. Requirements understood, and executed better than expected. Thank you."

**Mr. Abdulaziz Aljaitan**  
CEO - Balgh

"What distinguishes SAG team is that they think with you as if the work is truly a part of them. Distinguishing factors include: creativity, idea generation, speed in execution, outstanding performance, and quality of work. Thank you and may God bless you."

**Mr. Sami Sayah Al-Badiri**  
Hayat Anti-Smoking Association - Director

"We collaborated with you, and your company excelled in numerous aspects: 1-Quick response to clients. ٢- Top-notch designs. ٣- Work done professionally. ٤- Punctuality and this is the most important thing, we thank you and your entire team."

**Mr. Osama Al Masoudi**  
Chairman, United Yacht Holding Company

"Best people I have ever worked with, really fast in finishing projects."

**Mohammed badeeb**  
Speed limits company, CEO

"I consider myself fortunate to have found SAG. They work with exceptional precision and professionalism. When you effectively communicate your ideas, you can expect wonderful results."

**Mr. Osman Al-Hamdan**  
Real Estate Business Manager, Partner
